Evaluation Rating

NOTES:

- You will see that there are not equal quantities for responses. Some replied to all, some to not all, some only comments.
- I think the rating scale on the second group of questions is a little misleading because minimally useful is in between very useful and useful. Not sure the reliability here, but we still get a great idea of everyone's' thoughts.

MY NEXT STEPS WILL BE

- Keeping in contact with everyone I met today

WHAT WOULD YOU LIKE TO SEE IN THE FUTURE

- Break out sessions for counselors

- Issues that MCNC are facing as grants are coming to an end
- Issues that everyone faces in 2014-15 year.
- How programs run, get started, etc.
- Website for legislation updates
- Before next meeting, have counselors all bring one component or program they implement to share.
- Great day!
- Overview of the whole MCHS and ECHS system
